# Help give furniture a new start... donate your unwanted sofas, chairs, tables, beds and wardrobes

We are Staffordshire's leading furniture re-use charity helping local families who need it most set up home through affordable furniture and free council referrals.

Donating your unwanted furniture to our charity is quick and easy. We accept most items of furniture if it can be re-used and by donating to Furniture Mine, you will be supporting your local community, reducing the amount of unwanted furniture that goes to landfill each year and helping local families in need.
